Subject: Approval of Notice of Intention to Commence Large Mining Operations (NOI) and Reclamation Surety, Geneva Rock Products, Point of the Mountain Quarry, M0350026, Salt Lake County, Utah

Dear Mr. Clyde:

The Division has received the reclamation surety for the Point of the Mountain Quarry Mine and two copies of the complete NOI. The Division now permits you to begin mining operations as outlined in your large mining notice. The bonded disturbed area is 288 acres. The surety will be reviewed periodically to assure that the bond remains adequate.

The approval or acceptance of a complete notice of intention does not relieve an operator from his responsibility to comply with the applicable statutes, rules, regulations, and ordinances of all local, state and federal agencies with jurisdiction over any aspect of the operator's mining operations. **Draper City has noted inconsistencies with their zoning requirements, but the Division understands through a conference call with city officials that you and they are working to resolve these issues.**

No variances were requested or are approved.

Enclosed are copies of the signed and executed reclamation contract and surety bond forms for your files. Also enclosed is a copy of the "approved" Notice of Intention to Commence Large Mining Operations for your files. Please keep your plan current by submitting changes using Form MR-REV-att, which is located on the Division's web site at [www.ogm.utah.gov](http://www.ogm.utah.gov).
